

September 2017

Dear Parents and Carers

As part of our whole school focus to improve spelling, we are introducing a set of words for each year group, which we expect the children to spell correctly every time they write them: our non-negotiable words!

The words for Apple Class are below:

| | | | | | |
|-----------|------|------|------|------|------|
| Reception | I | my | the | went | and |
| Year 1 | said | they | like | was | some |

We have introduced these words to the children and they are on display in the classroom.

Please support your children in learning how to spell their words. You may like to try the following activities: stick them on the fridge, play snap with two sets of words, use a paintbrush dipped in water to write them, or write them in sand.

Thank you for your support

Alison Chilton and Hannah Pleasance
